Surveyors Notes:

Check & Authorization Received:

Survey Conducted

Completed Survey E-Mailed

Waver of Sea Trials If you have requested a *Standard Condition and Value Survey*, I, the client, understand that *Sea Trials*, while an important part of a more costly *Comprehensive Condition and Value Survey*, are not typically required for the purpose of insurance or financing. Consequently I have chosen not to have *Sea trials* conducted by this marine surveyor and my signature below releases him from the any and all responsibility for conducting them.
